

# 15<sup>th</sup> Annual Dialysis Meeting 2018

## THEME: EXPLORING THE POSSIBILITIES

27 & 28 October 2018

VE Hotel & Residence, Bangsar South City, Kuala Lumpur

### Message

Dear Delegates,

We are delighted to announce that the 15th Annual Dialysis Meeting (ADM) will take place from 27 to 28 October 2018 at VE Hotel & Residence, Bangsar South City, Kuala Lumpur.

This meeting is the latest in a series of the Annual Dialysis Meetings organised by the National Kidney Foundation (NKF) of Malaysia since 2003. NKF has scheduled a one and a half-day meeting with the theme "Exploring the Possibilities".

The 15th ADM 2018 is intended to highlight the new development in research and the industry, exploring new evidence or techniques and products to achieve the best outcomes for dialysis patients and carers. It is crucial to ensure sufficient resources are made available to support clinically led change, in order to meet their clinical, emotional, psychological, and social needs.

We are excited about the value the 15th ADM will bring to the sponsors and participants. Thank you to each and every participant and sponsor that has helped make the annual ADM a success.

See you at the 15th ADM 2018!

Dr. T. Thiruventhiran FRCP  
Organising Chairperson

### Seminar Fee

**Early Bird Rate**  
(Registration before : 28 August 2018)
