

World Kidney Day

IN celebrating World Kidney Day, the National Kidney Foundation of Malaysia (NKF) together with Malaysia Society of Nephrology, Ministry of Health and the Malaysian Health Promotion Board (MySihat) will organise a Cyclethon from March 13 to 18. Thirty cyclists will embark on a 670km journey from Kangar to Putrajaya.

NKF will also commemorate World Kidney Day on April 29 with a Dance Marathon. Participants will benefit from health exhibitions, health talks, health screenings and games to coincide with the event. Sign up at www.nkf.org.my.
