SUBANG Jaya Municipal Council (MPSJ) and Bandar Puteri Zone 11 and 16 Residents Committee (JKP) jointly held a Family Day themed "Green Puchong Day" recently.

"The event under the council's Mesra Rakyat programme aimed to enhance ties and increase environmental awareness among Puchong residents," said MPSJ councillor Pooi Weng Keong.

Coupons priced at RM10 were sold for the event, with RM2 from each sale going towards the Dual Blessings Bhd and the National Kidney Foundation Malaysia.

Zone 16 Residents' Committee secretary and Bandar Puteri 11 Residents Association chairman Alice Choo said the event was held

to increase awareness on the importance of caring for the environment.

"This year, we are taking a step forward to show the community our efforts to strengthen ties and implementing the go-green concept in life," she said.

The public were also encouraged to bring along recyclable items to the event.

Besides food stalls, the other activities held for visitors included a treasure hunt, water games, health checks and performances.

One of the main sponsors of the event was Master English Language Centre.

Its CEO Patrick Lee said this was the second time they were sponsoring the event.

"Being an educator, it is important to contribute back to the community," he said.
