## Family day for NKF dialysis patients

**PETALING JAYA:** More than 200 people attended a family day for dialysis patients organised by the Rotary Club of Damansara and the National Kidney Foundation of Malaysia (NKF) at the NKF-Rotary Damansara Dialysis Centre Selayang in Selangor recently.

"Families play an important role in giving support to dialysis patients," said Taman Templer assemblyman Datuk Subahan Kamal, who graced the event.

Activities included birthday celebrations for dialysis patients, games, dances, karaoke sessions and fun activities for children such as balloon-blowing.

The NKF Life Check team also provided free health screenings for the public.

Tan Sri Datuk Clifford Herbert, a member of the NKF board of governors, commended the Rotary Club of Damansara for initiating the family day.

Club president Francis Arulanandam said they planned to make the family day an annual event.
