and I have to pump Petronas petrol and diesel frequently," said the 38-year-old who walked away with a BMW 320i AC Schnitzer worth RM256,000.

"I will take my family for outings in the new car," he said.

The contest, which ran from Dec 1 last year until March 31, has given out six cars to Petronas customers and Kad Mesra members.

Customers only had to pump RM20 worth of petrol and their purchase would be deemed as one contest entry.

In a prize-giving ceremony held recently at 1 Utama Shopping Centre, Petronas Dagangan Bhd retail business senior general manager Mohamad Fadzlan Abdul Samad said they received tens of millions of entries.

"We are proud of this contest as it is our way to reward the loyal customers."

He added that in the next one year, 50 Petronas stations would be built nationwide together with one Petronas hyperstation in Selangor.

Good gesture: Ariffin (second from right) with his friends, colleagues and family members handing over a plaque of donors' names to NKF fund-raising director Shirley Koh.

Ariffin driven to help kidney patients following uncle's death

WHEN his uncle died of kidney failure many years ago, Ariffin Buranudeen realised the financial as well as emotional burden that afflicted people suffering from end-stage kidney disease.

Ariffin, who initiated a donation drive to buy a dialysis machine for the National Kidney Foundation (NKF) recently, said his uncle's death had instilled in him the desire to reach out and help others suffering from the same predicament.

"This donation of a dialysis machine exemplifies how ordinary people can come together and make a difference in the lives of those who are in need of support and help," said Ariffin.

Ariffin, a director of a multinational food manufacturing company, was accompanied by about 10 friends and relatives to the NKF Dialysis Centre, Petaling Jaya, to hand over the RM40,000 machine to NKF's fund-raising director Shirley Koh.

Ariffin said it took him only three weeks to raise the money for the machine from friends, neighbours and family members.

"I never expected such an overwhelming response and I am humbled by the show of generosity as it was reflective of all the kind hearts coming forward to help others at their hour of need," said Ariffin.

He added that donations ranging from RM50 to RMRM10,000 were contributed by 20 people.

»I never expected such an overwhelming response«

ARIFFIN BURANUDEEN

The biggest amount was donated by Velosi Industries, a quality control and asset integrity company.

Ariffin said the dialysis machine was the beginning of many more similar projects to come.

Meanwhile, NKF fund-raising director Shirley Koh said she was overwhelmed at the gesture and appreciated the initiative.

"As an NGO, the NKF depends on public funds and it is only with such generosity that we can go forward to financially help dialysis patients by providing subsidised dialysis," said Koh.

Also present at the handover was Regional Container Lines managing director Peter G. Eu, who said he overheard Ariffin talking with his friends on the amount of money needed for the dialysis machine and decided to donate as well.
