

Youth ambassadors

National Kidney Foundation of Malaysia (NKF) recently announced its youth ambassadors: world number four celebrity beatboxer Shawn Lee and the Rejuvenate Dance Crew (RJVN) from 8TV Showdown and of Astro Battleground fame.

As ambassadors, the two will help boost the awareness of kidney disease through various promotional activities as well as help to raise funds that will be channeled towards the treatment of underprivileged patients. They kicked off their ambassadorship by paying a visit to NKF dialysis centres and donating blankets to the patients.
