

吉洗腎中心無法操作 空陸運送腎病患轉檳

北马夺命水灾影响惨重，不只让灾黎失家园，吉北和加央一带多间洗肾中心也因而无法操作，当地医务人员通过陆、空两运，将三十多名肾病患者转送到檳城医院及佛义洗肾中心洗肾及接受治疗。

直升机载19病患

一架从梳邦机场起飞的消防局直升机，在周四下午约1时30分，到加央一间洗肾中心载送19名肾病患者到檳城医院及佛义洗肾中心。

鸚鵡型直升机在半小时后抵达马球场，完成转送病患的任务后，重返吉北水灾区候命。

空陆运送病患协调员黄俐勋说，她是在周三致电吉北水灾区的医院

病患致謝

病患向载送他们的消防员及协调员黄俐勋致谢。

及洗肾中心了解情况，并询问他们是否需要协助。

“周四早上灾区的其中两家洗肾中心联络我们，表示当地的洗肾中心受水灾影响无法操作，要求我们协助载送病患到檳城接受

治疗。”

她说，驻守玻璃市的消防队马上派出直升机到加央载送19名病患，而吉打亚罗士打的洗肾中心，则用巴士载送当地十多名病患到檳城治疗。(TTK)

Health concerns: Kidney patients flying in from Kangar for haemodialysis treatment.

(The Star – 6/11/2010)

Emergency flight to Penang for 15 Perlis kidney patients

GEORGE TOWN: Fifteen kidney patients from Perlis were flown here by helicopter for haemodialysis treatment after their dialysis centre in Kangar got flooded.

The group, accompanied by four nurses, was flown from the Tuanku Syed Putra Dialysis Centre in Kangar to the Polo Ground here at about 2pm on Thursday.

They were then sent to the Penang Fo Yi-National Kidney Foundation Haemodialysis Centre on Hamilton Road.

The centre's adviser Mah Nai Hock said the Fire and Rescue Department deployed a helicopter to transport the patients, aged between

the 20s and 60s, to get treatment here.

“They could not wait any longer for fear their condition could worsen. That's why they had to be sent here fast.

“I was told that about 10 dialysis machines at the centre in Kangar were damaged.

“These patients are staying with us temporarily. We managed to get sponsors to provide accommodation and food for them throughout their stay,” Mah said.

He expected 30 kidney patients from two dialysis centres in Alor Setar to come to Penang for treatment as well due to the floods in the Kedah capital.
