WIN AT NKF ROADSHOW

IN conjunction with the 10th anniversary of World Kidney Day, National Kidney Foundation (NKF) Malaysia is holding a month-long health roadshow over four weekends at four locations.

The first was held in Sunway Pyramid on Feb 28. One of the highlights was the Spot & Ride game. For a nominal donation of RM10, participants were given 30 seconds to search in a car for tickets which were traded for goodie bags and discount vouchers.

Every participant had the opportunity to win a prize and their names were entered into a lucky draw for the grand prize of a Perodua Axia worth RM45,000, sponsored by Perodua. The winner will be drawn live at the final closing ceremony on March 29.

The roadshow featured free health screenings, health exhibitions, performances, and more. Additional roadshows will be held at The Summit USJ (March 7-8), Paradigm Mall, Kelana Jaya (March

14-15) and at Encorp Strand Mall, Kota Damansara (March 28-29).

Proceeds raised will be channelled to assist underprivileged kidney failure patients under the care of NKF.
