SATURDAY: The National Kidney Foundation will observe World Kidney Day with its WKD Family Walkathon 2016, an event that aspires to raise awareness of kidney diseases in children, its prevalence and preventive measures. The theme "early prevention" will drive home the message of leading a healthy lifestyle.

Other activities include a colouring competition, diet advice, health exhibition, free health screening and lucky draws. The children will enjoy the face-painting, inflatable balloon castle, sand art and Mr Red Bubbles the clown.

For entry forms and more info, visit the website or call the number given.

Time: 7am-1pm
