

# CONTRIBUTE TO **KIDNEY PATIENTS**

AFTER welcoming 2014, the festive season keeps on going in the country as we usher in the Lunar New Year.

The National Kidney Foundation is celebrating Chinese New Year with delectable hampers.

By buying these hampers, the public can do their part to support the NKF's initiative to raise funds for 1,550 underprivileged patients in 28 dialysis centres nationwide.

Proceeds from sales of the hampers will go to less fortunate patients supported by the organisation.

The tasty treats in the hampers are supplied and packaged by designer cake-maker Just Heavenly, and come in two types: the mid-range Type A hamper priced at RM258 and Type B hamper priced at RM358. The hampers are available for ordering till the end of the month.
