

TAKE THE CHALLENGE

Sunway Medical Centre is holding a fund raising campaign to raise awareness on the importance of kidney care and health. The public is encouraged to try its 30-day pledge by completing activities given for a month. Participants can also stand to win prizes. For every pledge of a minimum RM11, the hospital will match the amount and donate it to the National Kidney Foundation to help its lower-income patients receive treatment. For details, call 03-7491 1117 or visit www.sunwaymedical.com.
