

# Festive **hampers** in aid of kidney foundation

AT the National Kidney Foundation, festive hampers are for sale as a fund-raising initiative with proceeds going towards underprivileged kidney patients.

Packed in customised basket sizes and dressed up with coloured baubles and oversized ribbons, the products in the hampers are supplied by famed designer cake house Just Heavenly. Taste-tests have confirmed that even with a reduced sugar content, the hamper goodies remain uncompromised in terms of flavour, texture and moistness.

The hampers, also boasting a few 'fusion' Malaysian ingredients, come in three options: Type A ham-

per at RM150, Type B hamper, at RM250, and a generous Type C hamper (*pic*), at RM350.

Says NKF chief executive officer Chua Hong Wee: "The donations we receive from the sale of these hampers will give hope to our patients with end-stage kidney failure."

NKF cares for over 1,550 kidney failure patients in 28 dialysis centres nationwide.

Those interested to purchase can either visit the NKF website at [www.nkf.org.my](http://www.nkf.org.my) and download a booking form, or get in touch with NKF via phone or email to request a soft-copy of the form.
