THE Leo Club of SMK Damansara Jaya, under the tutelage of the Lions Club of Petaling Jaya, successfully held a charity concert themed "From Gift to Gifts" at the MBPJ Civic Hall recently.

Proceeds from the concert will go to buying a dialysis machine for the National Kidney Foundation (NKF).

The Leos, aged between 15 and 17, worked tirelessly for six months to organise the event.

The concert was made more meaningful with the presence of children from Agathians

Shelter.

A mock cheque for RM40,000 was presented to National Kidney Foundation CEO Chua Wee Hong during the concert.

The concert featured band and solo performances, duets and dances. There were also several instrumental performances and a special medley of mask-changing, singing, dancing and piano playing.

Guest of honour at the event was District Governor Lee Boon Hoe of District 308 B2 Malaysia.
