

# FOR BETTER KIDNEY HEALTH

NATIONAL Kidney Foundation (NKF) Malaysia has received the Brandleadership CSR Award 2018 for its efforts in kidney health management and education.

The inaugural award, conceptualised by Asia Pacific Brands Foundation, recognises corporations, non-governmental organisations, societies, institutions and individuals that have been making efforts to give back to the community. Over the past decades, NKF Malaysia has been active in increasing and raising awareness on kidney health and standards of care for patients with kidney failure and those suffering from various kidney-related illnesses. It has been actively involved in fundraising, public education, training and welfare initiatives.
