

# GRAB AND NKF COLLABORATION

FOLLOWING a successful campaign last year, Grab Malaysia and National Kidney Foundation (NKF) of Malaysia teamed up once again to raise funds to purchase dialysis machines for poor patients with end-stage renal failure.

The collaboration enables Grab users to convert their GrabRewards points into donations via the Grab app to support NKF from April 12 to June 30. Every 600 GrabRewards points can be converted into a RM5 donation.

Every year, NKF needs to raise RM24.9 million to subsidise poor dialysis patients seeking treatment at its 28 dialysis centres nationwide. For details, visit [www.nkf.org.my](http://www.nkf.org.my) or call 03-7954 9048.
