

## **GLOW RUN** ←

OVER 3,000 joined the National Kidney Foundation of Malaysia's 50th Anniversary Luminous 5km Fun Run at Malaysia Agro Exposition Park Serdang recently.

Lined with neon lights, the event aimed to promote kidney health among young adults and increase awareness of chronic kidney disease and importance in preventing it. It also raised funds in a fun-filled exciting manner through interaction with lights.

Through the event, NKF has raised RM120,000 cash and three dialysis machines.

All proceeds garnered will be channelled towards subsidising dialysis for more than 1,700 poor patients who are undergoing treatment at 28 NKF dialysis centres.
