

## **NKF's golden journey honours patients**

IN conjunction with its 50th anniversary this year, the National Kidney Foundation of Malaysia (NKF) today paid homage to patients who were aided by the organisation, together with nurses and staff who have served at NKF's dialysis centres located throughout the country.

In a simple yet meaningful celebration at the Royal Lake Club, Kuala Lumpur, NKF, Malaysia's leading non-profit dialysis treatment provider, honoured its pioneers and long-serving staff.

Aptly themed "A Golden Journey", the anniversary celebration was attended by Tan Sri Dato Dr Abu Bakar Suleiman, President of the National Kidney Foundation of Malaysia; Dato Dr Zaki Morad Mohd Zaher, Chairman of the National Kidney Foundation of Malaysia, Members of the Board of Governors and Board of Directors, former and existing NKF staff, patients as well as donors.

"Since our inception in 1969, NKF has grown tremendously and reached such a great number of patients, thanks to the unwavering support of various government bodies and agencies, countless other organisations and individuals.

This has enabled us to expand our role from being just a dialysis treatment provider, to becoming a one-stop national resource centre for all kidney-related matters. — **The Health**
