

Convert points and donate to a good cause

IN CONJUNCTION with World Poverty Day this month, the National Kidney Foundation (NKF) of Malaysia is teaming up with tech company Grab Malaysia to raise funds for the purchase of a new dialysis machine that will provide a higher quality of life to underprivileged kidney patients.

From now until Dec 31, Grab users can make a difference by visiting the GrabRewards catalogue in their Grab app and converting their points into donations.

Every 800 GrabRewards points used will translate to a RM5 donation towards NKF.

Those interested in contributing towards the organisation's efforts for dialysis patients can follow these simple steps:

1. Click on the "Points" function in the Grab app
2. Select "Services"
3. Select "National Kidney Foundation of Malaysia"
5. Click "Redeem"

Malaysia has among the highest rates of kidney disease in the world, with over 7,000 people diagnosed with kidney failure every year.

NKF needs to raise about RM25mil each year to subsidise the cost of dialysis treatments for its patients at the foundation's 28 dialysis centres nationwide.

For details on the fundraising initiative, visit nkf.org.my/support-us/project-campaign/grabrewards/ or call 03-7954 9048.
