# Catheter-related Bloodstream Infection (CRBSI) Workshop

**22 November 2026 (Sunday), 8.30 am to 4.30 pm**
**NKF Training Centre,**
**C23-03, Block C, 3-Two Square,**
**No. 2, Jalan 19/1, 46300 Petaling Jaya, Selangor**

## INTRODUCTION

Since its introduction in 1964, haemodialysis has become one of the main modalities for the treatment of end-stage renal disease (ESRD). Central venous catheter (CVC) has become an important means in providing vascular access for haemodialysis treatment. Due to its nature as an indwelling catheter, there is an increased risk of developing catheter-related bloodstream infections (CRBSI). This workshop also includes basic antibiotic regimen and protocol. Thus, all healthcare staff need to take responsibility for infection prevention in their dialysis centres today.

## WHO SHOULD ATTEND?

Staff Nurses, Assistant Medical Officers, Dialysis Centre Managers, Dialysis Assistants, Medical Staff

## LEAD TRAINER

- Ms. Revathy A/P Gobi (Tutor, NKF)

## GUEST TRAINER/FACILITATOR

- Mr. Hansen J. Kasil (Assistant Medical Officer, Hospital Kuala Lumpur)
- Ms. Adeline Tay (Senior Renal Pharmacist, Hospital Shah Alam)
- Ms. Chandrothayam Ramasamy (Clinical Instructor, NKF)

## CERTIFICATE

A certificate of completion will be awarded to those who complete the course.
